AMERICA FOR AMERICAS AMERICANS

MCKINLEY AND WILSON ABROAD.

In 1890 William McKinley was born in *England* in the English manufacturing city of *Sheffield*; but in 1894 William L. Wilson was born and died in *London* because he is the author of a *Free-trade Tariff Bill*. These are significant facts.

THE SILVER PROBLEM.

Commercial Crisis.

Farmer Anderson has two thousand bushels of wheat.

Mr. Jones has a thousand dollars worth of silver bullion.

Mr. Anderson's wheat is worth the market \$1,000.

So is Mr. Jones's silver bullion.

Mr. Jones goes to Philadelphia, takes his silver to the Mint and has it coined into two thousand nice, fine, pretty silver dollars.

When Farmer Anderson brings along his thousand dollars worth of wheat, Mr. Jones buys it, paying him \$1,000—and he has \$1,000 left with which to buy the wheat of the next farmer that comes along.

This is fine coinage. Some people are sure that the *Democrats* in the country are boasting of it.

We should be a good many strange things in this country if the silver people should have their way.

REPUBLICAN CONVENTIONS.

MASON COUNTY.

The Republicans of Mason county will meet in mass convention at the Courthouse in Vincennes on Monday, May 1st, at 10 o'clock in the morning for the purpose of selecting delegates to the Republican State Convention, to be held in Louisville June 5th to nominate candidates for state offices to be voted for at the ensuing November election, and also to nominate candidates for Railroad Commissioners, to be voted for at the same time.

Lewis County.

The Republicans of Lewis county will meet in mass convention at the Courthouse in Vincennes on Monday, May 1st, at 10 o'clock in the morning for the purpose of selecting delegates to the Republican State Convention, to be held in Louisville June 5th to nominate candidates for state offices to be voted for at the ensuing November election, and also to nominate candidates for Railroad Commissioners, to be voted for at the same time.

H. N. JONES, Chairman.

A TREASURY report just issued shows that the money per capita in the United States on May 1st was \$22.97, an estimated population of 69,629,000, as against \$22.44 per capita in 1892, on an estimated population of 65,820,000, a decrease in three years of Democratic Administration of \$1.47 per capita. The total money of all kinds in 1892 was \$2,165,451,763, and in 1892 \$2,572,609,501, a decrease of \$177,157,734 in the three years. This decrease is in the gold coin and gold certificates, the gold coin having dropped over \$60,000,000 and the gold certificates over \$107,000,000. Treasury notes of 1890 increased some \$48,000,000 and National Bank notes some \$46,000,000.

The Kentucky Conference, M. E. Church, South, will be called upon for \$9,300 for foreign missions, and the total asked from his denomination is \$350,000. Bishop GALLOWAY is extremely solicitous about the work in Northern China, just as though our good friends the Japanese hadn't done more in six months toward civilizing the Chinese than American Missionaries would do in six million years! And then the report says—

"Rev. C. F. Reid, in charge at Shanghai, is compelled yearly to leave his work for a better climate. He must either come home or go to the Arctic regions with the north of his full force. Authority will give to undertake a new mission at Shanghai, Kwan, province of Chihi, which may prove a sanitarium to Missionaries from the malaria of the lower country."

What a pity! These poor fellows ought to come to Kentucky and do a little missionary work about Covington, or Frankfort, or Louisville! Within a few weeks acts of barbarism have been practiced there that would put a "heathen China" to the blush.

Your Wife—
the mother of your children—you promised to love and cherish her, but are you taking care of her health?

She is probably not so strong as you are, anyway; and then there are diseases peculiar to women that often make her weak and ailing. But

Brown's Iron Blitters

will make her well and strong. It purifies and enriches the blood and beautifies the complexion. It permanently cures Constipation, Neuralgia and Headache, and drives Malaria out of the system.

Brown's Iron Blitters is pleasant to take, and does not interfere with other medicines. See the crossed red lines on the wrapper. Our book, "How to Cure the Ailments of Women," tells all about it. Price, 50 cents.

In making a census of its industries, Okahoma will have to pay train robbery pretty close to the bone of the bill.

REASONABLE COMPLAINT.

Cicago Tribune.

"Waiter," said the guest, "I wish you'd ask the waiter to bring me a little water. I've got some in my pocket, but it's getting low." The waiter replied, "I'm eating planned bread or a paper of pines."

KNIGHT BOY.

Tid Bits.

An office boy attended at the Collector's office on the last day for paying the income tax.

"I've come to pay Mr. R.'s tax, said young, putting his hand on his chest. "Please, will you allow the usual wait and a hair?"

"No, my boy," said the Inspector, gazing benignly through his spectacles at the small specimen of humanity: "there is no discount here."

"Very well," replied the young boy, "I'll pay it this time, but my instructions are to close the account."

ST. PAUL—Reuter—\$100.

The reader of this paper will be pleased to learn that there is at least one dreadless iron scientist who has succeeded in inventing a device to celebrate the 4th of July this year.

The general celebration will be under the auspices of Illinois State Federation of Labor, and that body has requested that the Knights of Labor be invited to receive the nation's birthday in a fitting manner. The celebration in Chicago will be on an elaborate scale, and will include a parade in the morning, a grand ball in the afternoon, and a picnic in the evening. Here they will be addressed by the leading men in the labor movement throughout the United States.

DETROIT—The Knights to Distract.

Pittsburgh, Pa., May 1st.—Last night, police, night clerk at the First Avenue hotel, was found murdered in the basement of the hotel Monday morning. He had been beaten on the head with an iron bar, and his body was found lying on the floor, dead, soon after. He carried the money in his pockets and this was no doubt the object of the crime, as he was robbed and left dying on the floor. Five arrests have been made others will follow, though there is little evidence upon which to work.

Threatens to Leave the Democratic Party.

His Answer to the Invitation to Attend the Sound Money Convention.

If the Republican Party Should Remain True to Honest Money I Do Not See How I Could Escape Voting the Republican Ticket.

MEMPHIS, Tenn., May 7.—The following letter was received in response to an invitation sent the secretary of the U. S. State Department to attend a "sound-money" convention.

Washington, May 1, 1890.—Mr. J. Crawford, Chairman etc., Memphis Tn.—My Dear Sir:—I am sorry to inform you that the Merchants exchange, the Cotton exchange, the Lumber exchange, the Manufacturing Association of Memphis, to attend and address a convention on May 22, to be convened or delinated at the Hotel Lorraine, to discuss the soundness of a sound money standard, and to consider the adoption of a bill to prohibit the issue of a depreciated and fluctuating standard of value.

While the whole country is deeply interested in the preservation of a sound currency, the administration has taken no steps to secure its adoption, and the south is in a position to be the first to benefit by the adoption of the free silver element.

I am confident as to the outcome of the proposed convention just as the administration will not so thoroughly ignore the south as to turn back now, even though the success of the free silver element in the democratic party were to be assured.

I am confident as to the outcome, although I am sure that the work which now has been begun will have an effect upon democratic sentiment far beyond what appears at present on the surface; but if it fails to gain the support of the democratic convention it will be swept away by this free-silver madness. I do not know what I could do. If the republican party should remain true to honest money I do not see how I could escape voting the republican ticket.

The administration is bending every energy to forcing its policy with regard to the currency on the democratic party. Mr. Cleveland and his party are reported to be spreading propaganda throughout the west and have grossly exaggerated.

It is believed that Mr. Cleveland would like to be president a third time, and that he is in a position to command the support of the single gold standard on a democratic platform. He realizes that the accomplishment of such an overturn would be a personal triumph as much as any American politician has ever achieved.

THE ELEMENTS.

Dayton, Tenn., Deluged by a Cloudburst.

Small Buildings, Crops, Fruits in the Storm's Area Destroyed.

Baltimore. Three Injuries in Circus-Circus Fall in Workers' Lives, During Work-Breaks to Fruit and Grain—Property Destroyed at Herrington, Kan.

CHATTANOOGA, Tenn., May 7.—Dayton, Tenn., was visited Monday by a fearful cloudburst, which broke over the sea. The town was deluged and water flooded the stores, and in raging torrents from the hills, streams, and creeks, sweeping away trees and animals before it. Small buildings were overturned. Crop and fruit in the storm areas, which was four miles in breadth by seven long, were destroyed. No lives were lost, though a few men in which some men had taken refuge, were blown away.

COUNCIL BLUFFS, Ia., May 7.—A terrific hailstorm passed over western Iowa at 4 o'clock yesterday afternoon, doing great damage to fall crops and small grain. Hailstones three inches in circumference fell. The storm lasted half an hour. Had it not been that the fall was perpendicular, owing to the density of the atmosphere, every window pane except one would have been broken. This being a great fruit-producing community, the loss will be heavy.

COLUMBUS, Ind., May 7.—A fearful wind and an electric storm swept over the western part of this country Monday morning, causing great damage to farm property and timber.

HARRINGTON, Kan., May 7.—A cloud burst occurred here about 10 o'clock Sunday night, causing great damage to trees and flooded the bottom lands of the city. Mrs. Samuel Manus was drowned and several others had narrow escapes. Houses, cattle, and hogs were swept down stream.

MARYVILLE, Ky., May 7.—This city was visited by a heavy rain and thunder storm Monday afternoon. Bricks from a chimney shattered by lightning were hurled across the street. Several large glass windows in Tyler hotel were destroyed.

A STRANGE BET.

If His Companion Failed for the Drunks He Would Have Poison His Life saved by Friends.

NEW YORK, May 7.—Eugene Gruber, 21 years old, a bartender, of 340 East Seventy-second street, died yesterday at Elmhurst General Hospital Monday morning from the saloon at 333 East Seventy-sixth street to be treated for paris green poisoning. At the hospital emetics were administered, and Monday morning he was transferred to Elmhurst hospital as a prisoner. It is said that he will recover.

The police say that the bartender swallowed the poison for the purpose of winning a bet. He made a bet with his companions, with whom he was drinking, that he would take paris green if they would pay for the next round of drinks. Gruber's companions accepted the bet, and he drank the poison in whisky.

Iron Workers Strike.

PITTSBURGH, May 7.—The strike of the iron and steel malcontents for a reduction of iron and steel workers for an advance in wages and recognition of their organization in the various iron and steel works in the Pittsburgh district, is gradually extending. Monday, in addition to iron and steel districts, which are now entirely idle in all departments, the Keystone Oliver's South Tenth street mill and the Pittsburgh Forge and Iron Co. are almost entirely idle on account of the above strike. The public is advised to go to work Monday morning, in all about 1,500 men in these five mills are idle. That the strike may extend to other departments than puddlers and other more extensive iron works is now certain.

A Terrible Crime.

BUTTE, Mont., May 7.—Simon Jacobs, the retiring city treasurer committed suicide Monday morning by shooting himself. It is reported that he is short in his accounts \$30,000 or \$40,000, but there is no positive information available. He had been in Butte for six years, and was one of the best thought of young men in Butte, and of exemplary habits. The community is greatly shocked. If he is short in his accounts, it is probable that he lost a large amount in his business. He was a single man and his father was the first major of Butte.

Ten Thousand Bullets.

ST. LOUIS, May 7.—Ninety,000 workmen are idle in the iron and steel works, and the number of men employed in the hod carriers and brickyard employes, Monday morning 3,000 bricklayers and 2,500 carpenters were compelled to stop work, and unless the strike is settled with the employers, 10,000 men will be out of work. The proprietors of the brickyards are firm in their refusal to grant the demands of their employees, and it is feared the strike will be prolonged indefinitely.

From the Presidents.

DETROIT, Ind., May 7.—Three weeks ago there was born Mr. and Mrs. Alfred Zeriles near Indianapolis, three girls babies. The parents named the children Ruth, Esther, and Francis. A neighbor of the Zeriles wrote President Cleveland, informing him of the fact, and the president, who the children received a draft from the president for \$500, to be used for the education of the children should they live.

Morganfield Term.

BIRMINGHAM, Ala., May 7.—Charles A. Morganfield, alias Morganfield, was re-arrested at the penitentiary Monday to serve eighteen years for the Aquia creek train robbery.

EVAPORATED APPLES.

Grosvenor Felt, Another of Our Products Under Sale.

WASHINGTON, May 7.—It appears from a report made by Consular Agent George L. Felt, that the German-American meat is not the only product of the United States which has fallen under the ban of German consumers. American evaporated apples have been condemned in German journals to such effect, and it is believed that the apples are not perceptible. It was stated that these apples were sufficiently impregnated with oxides of zinc to make them use dangerous. The authorities filed complaints against Germany for violating the laws of health, and the German government, by knowing the selling apples containing zinc. Two cases brought for trial were dismissed and a physician submitted a statement that the zinc contained in the apple jam was not the dried apples themselves, but one-fifth of the time the mineral which might be given to an infant without nausea. But at the same time Mr. Krause asserted that the Germans object to taking any food imregnated with zinc, and that the Americans' apples are not in demand. He says that the only way the apples can be restored to favor is by showing that they are absolutely pure and by the Germans being careful to see that zinc is not mixed with them, either from the drying plant or for the purpose of curing.

SOMETHING BELFAST LACKS.

WASHINGTON, May 7.—Consul Laney, of Belfast, Ireland, has made a report to the State Department concerning the condition of the atmosphere in Belfast. He says that the air is bad, and he is informed that there are open sewers, both in the north of Ireland. One firm, which manufactures both linen and worsted goods, handles some worsted yarns for the purpose of making serge cloth. The prices vary as to quality and thickness and market conditions.

WICHITA, Kans., May 7.—A terrible wind and an electric storm swept over the western part of this country Monday morning, causing great damage to farm property and timber.

HARRINGTON, Kan., May 7.—A cloud burst occurred here about 10 o'clock Sunday night, causing great damage to trees and flooded the bottom lands of the city. Mrs. Samuel Manus was drowned and several others had narrow escapes. Houses, cattle, and hogs were swept down stream.

Washington, D. C., May 7.—The Supreme Court of the United States Monday returned from its vacation, and the term begins, involving the constitutionality of court-martial law appealed from the circuit court of Virginia, which had released Sayers on a writ of habeas corpus. It reversed the judgment of the court below.

The City Board of Equalization at Lawrenceburg made a big increase in the valuation of real estate a short time ago, and a great many taxpayers registered a kick quite as heavy as the increase. They were quieted, it is stated, by the fact that the tax rate would be reduced this spring, and that the raise last year was only to equalize the valuation of property. The tax rate remains the same, however,—25 cents on the \$100,—and the people are urging the City Council to reduce the rate to 15 cents.

City for Goebel.

Glasgow Times. It is well that the friends of Senator Goebel should crowd around him and clasp his hand over his acquittal for the killing of John Sandford. If ever the Senator needed friends true as steel it is now.

It is well that Senator Goebel should bear himself bravely before men, as in truth he did bear himself bravely before Sandford.

But in the still watches of the night, when the world sleeps and conscience awakes, when the awful tragedy that shadows his life rises before him in all its hideous completeness—how will he be with Senator Goebel then?

God pity him, and God save him from himself.

The lawyers of Georgetown, Ky., are fighting the ordinance imposing a license of \$10 a year on all attorneys.
